APPLICATION DETAILS

INFORMATION FOR APPLICANT

Application is made for a Swimming Pool Certificate of Compliance under Section 22D of the Swimming Pools Act 1992 (the Act) in relation to the existing pool (includes a spa pool) and any child resistant barrier located on the subject property. A Certificate of Compliance may be issued by Council or by an appropriately accredited certifier.

By making this application you are requesting for Council to inspect the pool within the subject property to determine whether the pool and associated child resistant barrier complies with the Act. You are advised that once Council has become aware of any non-compliance with a pool, Council is obligated to pursue compliance regardless of whether a decision is made by the owner or its legal representative to withdraw the application for a certificate of compliance.

The Certificate of Compliance will only be issued to the owner of the property or their legal representative in accordance with Section 22D (5) of the *Swimming Pools Act 1992*. A Certificate of Compliance is valid for a period of 3 years unless a direction is issued under Section 23 for non-compliance with the Act.

Where a Certificate of Compliance is unable to be issued due to non-compliances with the Act, Clause 18BA of the *Swimming Pools Regulation 2018* requires Council to issue a Certificate of Non-Compliance. A Certificate of Non-Compliance is valid for the period of 12 months. Council is also likely to issue a notice and/or direction requiring the matters of non-compliance to be rectified within a specified timeframe. You are warned that failure to comply with a Council direction or where there is a non-compliance with the Act, Council may issue a Penalty Infringement Notice (PIN) of up to \$550.

Once the circumstances permit Council to issue the Certificate of Compliance, this will be issued to the owner or its legal representative as explained above.

as explained above.
