Please do not use in schools. The Road Safety Education Program uses specific resources for education purposes.

For families

Adults are always responsible for the safety of the young children in their lives.

Keep children safe by ensuring they remain in the car until an adult opens the 'Safety Door'. This is the rear footpath side door of the car.

Never leave a child of any age in a vehicle without adult supervision. Children may rapidly suffer from dehydration, heat exhaustion and organ failure if left unattended, especially on hot days.
