Subject: Ward Boundaries – Adjustment to Enrolments _ Option 3

Date: 16 August 2023

Reference: DOC2023/148465

Dear Mayor Suvaal,

I refer to your request regarding CC45/2023 Ward Boundaries – Adjustment to Enrolments. You asked whether an additional option could be provided that retains Kearsley in Ward B, as per the current ward boundaries.

Council Officers have investigated the subject matter and advise as set out below and shown in Map 4 enclosed.

Ward Boundary Redistribution - Option 3

Option 3 will change the enrolment distribution as shown in the table below:

Option 3						
(Er	(Enrolment numbers with proposed ward changes)					
Council Ward	Current Enrolment (20 June 2023)	Proposed enrolment after re-distribution	Proposed movement of enrolment	Enrolment growth to reach 0% variance (i.e. equal to proposed new highest enrolment)		
Α	12,264	11,834	-430	680		
В	10,590	12,514	1924	0		
С	13,148	12,145	-1003	369		
D	12,009	11,518	-491	996		
Total	48,011	48,011				
Highest Enrolment	13,148	12,514				
Lowest Enrolment	10,590	11,518				
Variance	2,558	996				
Variance %	24.15%	8.6%				

Option 3 reduces the variation to an 8.6% variance, within the 10% allowance. As with other options, this does not necessarily protect Council from needing to undertake a further redistribution in the next term of Council. Option 3 allows for growth in Ward A (reflecting for example Bellbird development) and Ward D (reflecting for example Kurri Kurri-Cliftleigh development). Ward C allows for some continued growth (reflecting for example Huntlee and Abermain/Weston developments).

Difference between Option 2 and Option 3

The difference between Option 2 and Option 3 is that Kearsley is retained in Ward B (its current ward), some minor adjustments around Lake Road, and Mulbring village and south move from Ward D to Ward A.

SA1 distribution

Proposed changes are detailed below and can be seen on Map 4 (enclosed):
