

PROPOSED SAFETY IMPROVEMENTS AND ROADWORKS

This map shows the nature and general location of proposed safety improvements and road work on the route from Hart Road to Cessnock Road via Gingers Lane and Frame Drive.
See website: <http://www.cessnock.nsw.gov.au/community/roads/currentworks/FrameDriveMap>

- Gingers Lane Safety improvements:**
- Removal of roadside obstructions
 - Delineation including line marking
 - Advisory signage

- Government Road Proposed interim roundabout:**
- A low profile for large vehicles
 - Advanced warning signage
 - Subject to road authority approval

- Baileys Lane / Frame Drive Intersection improvements:**
- Shoulder widening to allow passing turning traffic
 - Improved road profile and travel surface

- Gingers Lane / Frame Drive Intersection:**
- Road widening
 - North bound turning lane into Gingers Lane

- Frame Drive Upgrade:**
- Wider traffic lanes
 - Sealed shoulder
 - Upgraded drainage

- Orange Street Safety improvements:**
- Reduce height of shrubs to improve sight distances
 - Reassess parking on Cessnock Road
